## Christodora's Medical Form Guide

**In order to best prepare and provide for your youth, all medical forms must be submitted  
before June 1, 2015**

### **What do you need to do?**

1. Make an appointment with your doctor as soon as possible—it may take a few weeks to a few months to see your doctor for a physical examination.

**IMPORTANT:** If there are any changes to your youth's health or medications after you have submitted this form, please contact the Christodora office. It is important that we are aware of the most current medical information about your youth to best provide care during their stay.

2. Parent/Guardian must complete all sections on Pages 1-4 and sign/date the bottom of Page 1.

- a. Immunization History – We need all immunizations to be listed.

- i. Complete the Immunization History on Page 4 of the Medical Form

OR

- ii. Attach a copy of the immunization records from your doctor.

3. Have your doctor (licensed medical provider) review Pages 1-4, complete, sign, and date Page 5 during your physical exam. Please make sure they check the box indicating your youth is able to participate in active camp programs.
4. Please complete Page 6 – Authorization to Administer Medication. All medications must be sent to camp in unexpired & original packaging from the pharmacy. We cannot accept pill-boxes, zip lock bags, etc. We will need you to update this form on the start date of your youth's program, if anything has changed.
5. If your youth has an epi-pen or asthma inhaler, make sure you sign both signature lines at the bottom of Page 6.

## Christodora Health Record, Examination and Medical Release Form

The following information is requested to assist Christodora in providing appropriate care for your child. A Physical Examination and a review of the Health History is also required to be completed by an approved licensed medical provider within 24 months prior to participation in a Christodora program. We treat all personal medical information with confidentiality. A child's medical information is securely stored and will be shared only with pertinent program staff and medical providers.
